### Employer Cost Control

Employers decide how many credits / dollars will be applied to employees' Health Spending Accounts each year. Therefore, the employer knows the maximum amount to be spent on the employee benefit plan in a given year. Also, the extra credit options further reduce cost to the employer.

### Employee Flexibility

Small business clients deserve to have affordable healthcare benefits designed specifically to fit each family's needs. Employees use their flex credits / dollars on the health and dental services they need when they need them.

### Employer Low Processing Costs

No monthly premiums to pay. The Puhl / PHSPCanada plan offers one of the lowest processing fees in the industry and only as claims are submitted.

### Employee & Employer Tax Savings

Business Owners and employees benefit from tax savings when employers offer the Private Health Spending Accounts (PHSP's) to their employees. Health expenses become a tax-deductible business expense and reimbursement are paid out, tax-free, to the recipient.

### The Value of Association (Bulk Buying Power)

The higher member participation, the lower the cost. Superior products and a high level of service.

## A New Way to Think About Benefits

PHSPCanada is a benefit plan that provides the employees with flexible coverage and a management tool that controls costs of claims. The PUHL / PHSPCanada provides the security of a benefit plan without expensive mandatory premiums or restrictions.

The PUHL / PHSPCanada offers:

- Cost control
- Extra health & dental credits
- Flexibility
- Low processing costs
- Tax savings
- Virtual Doctor(s)

PHSPCanada is a self-funding reimbursement tax concept plan regulated by the Canadian Revenue Agency<sup>1</sup>. The plan uses Health Spending Accounts (HSAs) to provide flexible benefits to employees.
